

CALL FOR PAPERS

JoDLA

Journal of Digital Landscape Architecture

The 23rd annual International Hybrid Conference on Information Technology in Landscape Architecture, Digital Landscape Architecture DLA 2022, will be held at Harvard Graduate School of Design (GSD), Cambridge, Massachusetts, USA, and simultaneously online. We invite you to contribute to this conference on all aspects of technologies in landscape architecture. The "Extended Abstract" should have a minimum of 1200 and maximum of 2000 words and a maximum of three pages text including key references — additional selected graphics are optional. Abstracts are reviewed for full paper submission and possible presentation at the DLA Conference. Submit the abstract as a pdf file online via the web-based submission system at:

www.dla-conference.com

--> Review System by November 1, 2021

Main Theme and Suggested Topics:

We live in an increasingly hybrid world. Hybrid plants; hybrid cars; hybrid teaching and learning; hybrid workplaces; hybrid landscapes What "hybrid vigor" can the hybridization of the analog and the digital offer to landscape architects, urban/environmental designers and planetary citizens?

For the 23rd Digital Landscape Architecture Conference, the Editors and the Editorial Board of the Journal of Digital Landscape Architecture cordially invite you to submit abstracts for original, unpublished presentations focusing on the conference's following main theme:

"Hybrid Landscapes"

Abstracts are encouraged for this theme or from one of these other areas:

1. **Post-pandemic hybridization in life, landscapes and practice**
2. **Algorithmic design and analysis of landscapes**
3. **Mobile devices, Internet-of-Things and 'Smart' systems in the landscape**
4. **Data Science and Landscape Information Modelling**
5. **Drone/UAV imagery and uses**
6. **Digital fabrication in landscape architecture**
7. **Visualization and animation of landscapes**
8. **Mixed reality (AR/VR) and immersive environments**
9. **Geodesign approaches, technologies and case studies**
10. **Digital landscape architectural responses to climate change**
11. **Teaching Digital Landscape Architecture**
12. **Digital Landscape Architecture in Practice**

Profile

The Journal of Digital Landscape Architecture addresses all aspects of digital technologies, applications, information, and knowledge pertaining to landscape architecture research, education, practice, and related fields. The journal publishes original papers in English that address theoretical and practical issues, innovative developments, methods, applications, findings, and case studies that are drawn primarily from work presented at the annual international Digital Landscape Architecture conference. Its intent is to encourage the broad dissemination of these ideas, innovations, and practices. The Journal of Digital Landscape Architecture is listed in the international citation database Scopus. It is in the top 35% of all journals in the engineering / architecture category. More information on our series of conferences on Digital Landscape Architecture at
